## EMEA transformation programs

# **Two programs to build a solid platform for growth**

## **5 year platform program**

- Investments decreasing, depreciations on the increase
- Largest single implementation in September affected sales and efficiency in Q4 2013
- Impacts on Home products availability in Q1 2014
- To mitigate effects of future implementations, implementation period extended to 2016

## **EMEA 2015 restructuring program**

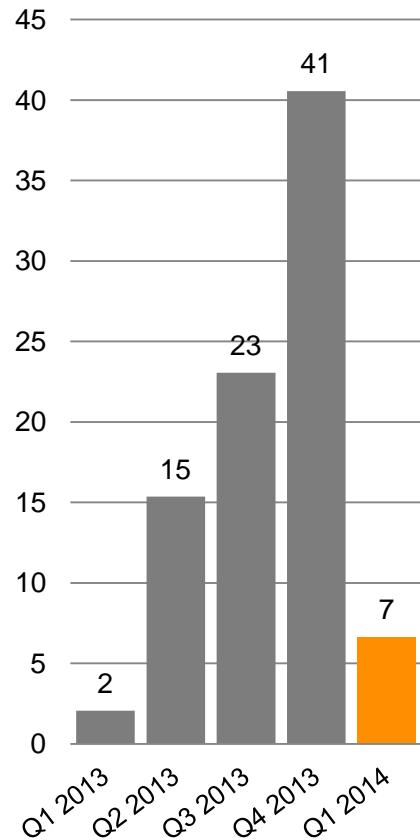

- EUR 4.2 million of total EUR 25-30 million restructuring costs recorded in Q1 2014
- Planned restructuring of Fiskars Italy
  - Close local manufacturing and warehousing
  - Discontinue professional knife business
- Consolidation of glass manufacturing in Iittala completed
- Some projects moved to 2015 from 2014

# Outlook for 2014

- After a challenging first quarter, action plans are formulated to drive sales and to adjust cost levels.
- During the rest of the year, currency rates could have a significant effect on Fiskars full-year sales.
- To accelerate growth, the company plans to increase spending on brand recognition, strengthening the newly established Asia-Pacific sales region, and on new category expansion ventures.
- Annual investment related to the five-year platform program has started to decrease, whereas depreciation and amortization are increasing.
- Group's full-year net sales for 2014 are expected to be at 2013 levels and operating profit excluding non-recurring items to be at or slightly below 2013 levels.
