The Nomination Committee regards diversity at the Board level as an essential element in supporting the Company's attainment of its strategic goals and ensuring that the Board fulfills its fiduciary responsibilities. Board work requires integrity and understanding of differences in culture, values and ways of conducting business.

Diversity of the Board is considered from a number of aspects, including, but not limited to gender, age, nationality, cultural background and individual differences both in professional and personal experiences. The Nomination Committee deems it is important to have a Board with an appropriate age mix with different experiential and educational backgrounds as well as work experiences. The Board composition should also take into account the scale of Fiskars' business operations and requirements of the Company's development stage as well as the ownership structure of the Company. The Board shall ideally consist of members with experience from international business representing different industries, tasks, positions, cultures and countries. Having members providing a balanced representation of both genders on the Board is essential, in particular where Board candidates are equally qualified. A high priority is given to maintain the balanced status in terms representation of both genders.

In addition to the above principles, the selection of candidates will also be based on the Board members' ability to commit enough time for the Board work including its committees.
